## Meeting of the Full Board of Governors

### THURSDAY 18 DECEMBER 2025 AT 4.00pm, at Poundbury

### MINUTES

The Code of Conduct for Governors requires governors to be honest and open with regard to conflicts of interest (either real or perceived). Governors must not use their position for personal gain in business, political or social relationships. Therefore, a governor who has, or may be perceived to have, such a personal interest in a particular matter under consideration should declare that interest, withdraw from all discussions relating to it and take no part in any vote on such matter.

Items marked \* are those in which a majority of Governors may have an interest because of some shared attribute. When considering these items, Governors should aim to achieve a balanced view, paying particular attention to the sources of information and advice, and remind themselves of their duties as governors and to act in the public interest.
